ABOUT MCHS

For over 30 years, the Missouri Council for In-Home Services has provided support services to member agencies. A group of in-home service providers convened to discuss issues that affect the care of our elderly in Missouri. Many of our issues involve quality of care, guidelines and regulations, and reasonable reimbursement. The MCHS membership has grown to be a strong voice for all providers of home care and for the elderly in Missouri. Join our league of caring people to help the in-home industry strive for quality.

MCHS MISSION

To advance and defend home care services as the preferred care option for Missouri communities. To provide an information exchange and the education essential to the success of member agencies and the home care industry. To monitor and affect the legislative and regulatory processes as they pertain to the home care industry. To provide leadership in ethical business practices and sustain the highest professional standards of client care.

The Missouri Council for In-Home Services is offering a special on first-time membership. First-time members can join now for \$150. Offer good for membership thru December 31, 2019.
